## EUROMECH annual accounts for 2022

Dear Professor Geers,

The review of the annual accounts 2022 of EUROMECH took place on 3 April 2023.

This review was based on the Treasurer's, Professor Stephanie Reese at RWTH Aachen, cash report for the period from 1 January 2022 to 31 December 2022, on the journals with the entries for the year 2022 as well as on the bank statements regarding the accounts with Deutsche Bank in Aachen.

The account balances as at 1 January 2022 amounted to 106.609,02€ and amounted to 115.401,68€ as at 31 December 2022. The audit of the documents with respect to revenue and expenditure was carried out on a sample basis. The following documents were considered: Journals e.g. for membership fees, prizes, colloquia, conferences and operating fees.

In my view, there are no objections to be made and I propose that the actions of the Treasurer be approved.

With this I would like to express my sincere gratitude to Professor Stephanie Reese for her great commitment to the benefit of EUROMECH.

Yours sincerely,

Prof. Dr.-Ing. Andreas Menzel
